

# Take Quantum Control of Your Business

Quantum Control offers unparalleled ERP functionality for your aviation business. Quantum is commercial, off-the-shelf software that is highly scalable, supporting the business requirements of small to large organizations. The top Distributors, MRO facilities, Aircraft Service Centers and Manufacturers trust their entire organization on Quantum and utilize the automated integration with StockMarket.aero. Quantum's integration with StockMarket.aero creates an additional revenue channel and provides for fully electronic management of RFQs and Quotes.
